

# There's a Place for Every Face at the Cathedral Academy at Pompei

Accepting  
Applications for  
2007-2008

At the Cathedral Academy at Pompei (CAP), the doors are open to a new approach to Catholic education in the Diocese of Syracuse. The richness of the past unfolds the vision for the future within the walls of the diocesan academy, located on the northside of the City of Syracuse. There's a place for every face at CAP, and each child's unique qualities are celebrated as a gift from God. Our NYS certified faculty is specially trained to provide culturally responsive teaching and learning in classrooms rich with diversity and faces from every corner of the globe.

A partnership created between the Syracuse Diocese and Le Moyne College provides innovative programs to enhance the strengths and potential of our students, all in a Christ-centered environment. Academically, there is a strong focus on science and language in the early grades. Advanced students are provided with an enhanced academic program. Remedial, tutorial, speech and counseling services are available, as well.

Tuition assistance is available, including scholarships offered through the Guardian Angel Society, for those who qualify.

**Cathedral Academy at Pompei, 923 N. McBride St., Syracuse, NY 13208-2670.**  
**For more information, call us at (315) 422-8548 or visit [www.capsyracuse.org](http://www.capsyracuse.org).**

## Foreign Language

Students in the early grades are introduced to Spanish.

## English as a Second Language

Children for whom English is a second language work with Le Moyne College education students on literacy development several days a week.

## Fine Arts

Students benefit from enhanced music and performing arts programs.

*Full-Day Pre-K  
Full-Day Kindergarten  
through Grade 6*

## Science Enrichment

Students are introduced to science professors from Le Moyne College who provide exciting hands-on experiments in the classroom.

## Technology

The latest in computer technology and wireless access to the internet give students the tools they need in our global society.
